SUMMARY

AI undergraduate specializing in Python and Machine Learning with hands-on experience in data preprocessing, exploratory data analysis, and machine learning model development. Strong foundation in supervised learning, analytics, and research-oriented problem solving.

EDUCATION

Sri Durga Malleshwara Siddhartha Mahila kalasala

Bachelor of Science in Artificial Intelligence — CGPA-8.0

Vijayawada, Andhra Pradesh

Aug. 2023 – May. 2026

Sri Durga Malleshwara Siddhartha Mahila kalasala

Maths, Economics and Commerce — Percentage-96%

Vijayawada, Andhra Pradesh

June. 2021 – May. 2023

St.Anne's High School

Secondary Education — Percentage-95%

Guntupalli, Andhra Pradesh

June. 2020 – May. 2021

EXPERIENCE

Internship — Python with Machine Learning Intern

May 2025 – June 2025

Diabetic Prediction

- Utilized **Python, Pandas, NumPy, and Matplotlib** to perform data cleaning, preprocessing, and exploratory data analysis (EDA) on healthcare datasets.
- Developed and evaluated machine learning models including **Support Vector Machine (SVM), Random Forest, and k-Nearest Neighbors (k-NN)**.
- Optimized classification performance, achieving 73.37% test accuracy with k-NN.

PROJECT

AI-based API attack detection system — Python, Flask, Scikit-learn, PostgreSQL, REST APIs

- Developed an AI-based API attack detection system using Machine Learning techniques to classify malicious and normal API traffic.
- Built Flask REST APIs for request monitoring, logging, alert generation, and threat analysis.
- Implemented feature engineering and trained multiple ML models including Random Forest, SVM, KNN, and XGBoost.
- Designed detection logic for SQL injection, brute force, XSS, and suspicious API behaviors.
- Evaluated model performance using Accuracy, Precision, Recall, F1-Score, and Confusion Matrix analysis.

TECHNICAL SKILLS

Languages: Python, SQL, Java

Web Technologies: HTML, CSS

Frameworks Libraries : Flask, Pandas, NumPy, Matplotlib, Scikit-learn, TensorFlow

Databases : PostgreSQL, MySQL

Tools/Platforms : Jupyter Notebook, VS Code, Power BI, Git, Postman

Concepts : Object-Oriented Programming, Machine Learning, Deep Learning, Natural Language Processing, APIs

Soft Skills: Communication, Critical Thinking, Problem-Solving

CERTIFICATIONS AND ACHIEVEMENTS

SQL Essentials By NASBA

Microsoft Azure AI Essentials By LinkedIn Learning

Best Student Webinar Award – Solete International Awards

5th Place in Hackathon – RYSE Digital Hackathon, Ryse Digital Solutions Pvt. Ltd.

2nd Place – Debate Competition, NCC Annual Training Camp, IIIT
